Prevent duty training service

Learn how to support people vulnerable to radicalisation by understanding the signs and behaviours and what to do if you have a concern.

Complete training on:

- **Prevent awareness** – updated with new case studies and animation to provide an overview of the Prevent programme and what to do if you spot concerning behaviours
- **Prevent referrals** – provides best practice on how to articulate concerns about an individual and ensure that they are robust and considered and aims to give them confidence in making a referral
- **Channel / Prevent Multi-Agency Panel (PMAP)** – for anyone who may be asked to contribute to, sit on, or run a Channel panel or PMAP
- **Refresher awareness** – a condensed version of the awareness course and is for anyone who would like a reminder of the key points

Key features of the service include:

- two new animations that help explain terrorism and how to make a referral
- two new real-life case studies focusing on Islamist and right-wing extremism
- compliance with Public Sector Accessibility Regulations
- a certificate when you complete each course
- a feedback survey at the end of each course to help us improve our service
- a Welsh language version is available for each course
